OBJECTIVES

By the end of the lesson the cadet shall be expected to be familiar with the performance objectives (POs) associated with the green star qualification and be familiar with the corps optional training opportunities.

IMPORTANCE

Having an overview of the training opportunities provided to green star cadets prepares new cadets for the training year, allowing them to understand how training fits together and identify areas they are particularly interested in. This overview should excite and energize cadets for the coming year.

Teaching Point 1**Discuss the content and format of green star training.**

Time: 15 min

Method: Interactive Lecture

COMMON TRAINING

There is common cadet training which applies to sea, army and air cadets. POs for these common cadet subjects are as follows:

ARMY CADET TRAINING

The expedition is one activity that distinguishes army cadets from the other cadet elements. For army cadets, expedition is defined as “any activity that consists of dynamic travel of no less than 36 hours in duration, where there is a clear goal associated with the activity.” Expedition training in Green Star is supported by the following POs:

PO Number and Topic	PO Statement
121 Field Training	Participate as a Member of a Team During an Overnight Bivouac Field Training Exercise (FTX)
122 Navigation	Identify location Using a Map
123 Hiking	Participate in a Day Hike

Ask the cadets to share what PO they are most interested in and why.

Allow time for cadets to ask questions about the various POs they will experience in Green Star.

Another PO army cadets will participate in is PO 120 (Demonstrate Knowledge of the Organization and Traditions of the Canadian Forces). This PO provides cadets with the knowledge and opportunity to effectively interact with CF members, while promoting an interest therein.

Teaching Point 2**Discuss available optional training at the corps.**

Time: 10 min
